Mini grainfree

with animal welfare chicken & potato

Our **FarmDog Mini grainfree** fills the bowls of all **mini dogs** but is also **ideal for the rearing of all other breeds**.

A balanced calcium to phosphorus ratio, vitamin C and minerals in an easily absorbable form **support strong bones and healthy joints**. Valuable fatty acids from algae support the development of the brain. In the **grainfree recipe**, we consciously focus on chicken which grows up under more natural living conditions.

Thus, your dog actively contributes to animal welfare!

Chicken **100 %** cared for in a more species-appropriate way

Suitable for raising ALL breeds

Recommended amounts are per animal per day.

*The recommended amounts are based on the weight of the adult dog. During growth a moderate growth rate based on the correct energy supply is ideal. If your dog is too big and too heavy, it is recommended to reduce the feed intake. An adequate supply of nutrients is assured even in smaller portions.
