

# Insect Dog<sup>®</sup>

Adult

with insect protein

## Hypoallergen

Because insects are a source of protein that is not used very often, our **InsectDog Hypoallergen** is the solution for **adult canines** that suffer from a **food intolerance**. Valuable fatty acids help make for **healthy skin and a shiny coat**. The grainfree recipe is not only suitable for sensitive pooches, but also for all four-legged pioneers: **insects are THE sustainable protein source of the future!**

## 100 % insect protein

as the sole source of animal protein
