

FarmDog Country

with animal welfare chicken & pea

Let's go: Our FarmDog Country contains animal protected spring chicken, peas, herbs and fruits, which leads to a bit of tasty variety for your adult dog. It can be also used for senior dogs, because of taurine and l-carnitine. It supports the cardiac function with valuable antioxidants and reduces cell aging. The recipe is grainfree, and the chicken comes from species-appropriate husbandry and your dog supports it!

gluten free recipe

This recipe does not contain any grain and is suitable as a daily gluten free food for healthy and sensitive dogs.

heart function

L-carnitine and taurine support heart function.
